Do it better

COMMBOX CLASSIC S4 INTERACTIVE

The image shows a large interactive screen displaying the commBOX OS interface. At the top, the status bar shows 'commBOX OS', the time '03:04 PM', the date 'Tuesday 13 December', and the number '562 177'. On the left side, there is a vertical navigation menu with icons for 'Hello Naomi', 'Help', 'Navigation', 'Home', 'Back', 'Launcher', 'My Favourites', 'Whiteboard', 'Browser', 'Note', and 'Calendar'. The main area of the screen is a blue grid with several application tiles: 'Whiteboard' (purple) with the text 'Collaborate, learn, engage, with fully featured whiteboarding'; 'Connect' (light blue) with the text 'Wirelessly present and interact with your laptop, phone or tablet'; 'Store' (orange) with the text 'Find amazing new apps and tools to accelerate your workflow'; 'Spinner' (purple) with the text 'Leverage the power of the Internet to get the best results'; 'Browser' (yellow) with the text 'Leverage the power of the Internet to get the best results'; 'Files' (teal) with the text 'Access your files on USB sticks or internal storage'; and 'Help' (dark blue) with the text 'Access the best help resources to take full advantage of your touch screen'. The screen is mounted on a black stand.

About Us

Established in 1976, CommBox has been leading technology innovation for over 45 years. CommBox is an Australian designer and manufacturer of a range of powerful and intuitive interactive and commercial displays, educational apps, designer AV furniture, easy-to-use digital signage and device management software.

CommBox products are approved for Australian Defence and trusted by numerous education departments, government organisations and businesses.

CommBox is passionate about creating human-centric technology, so we put the CommBox Crew at the heart of our product development. The CommBox Crew comprised of end users from Australia and New Zealand from a range of industries and technical abilities. All our products are informed, validated and tested by the CommBox Crew before launching.

CommBox collaborates with the world's leading technology partners, like Microsoft, Google, Poly, Jabra, Vivi, Clickview and more, to ensure every CommBox product works seamlessly in every meeting room, every time you use it.

CommBox seeks to wow customers in every moment, with a modern design aesthetic, superior install experience, and ongoing support delivered by the CommBox Customer Success Team.

CommBox designs and develops with collaboration in mind, helping professionals do more together than they can on their own. In every space that people meet to work together, CommBox is the very best collaboration suite you can use to connect, share, present, ideate, collaborate and communicate.

CommBox is excited to be launching the new Classic S4 built with CommBox OS designed to revolutionise the front of classroom experience for teachers and students.

Transforming Learning

... with the CommBox Crew

All CommBox products are designed and developed in close collaboration with an international cross-sectional focus group of principals, teachers and IT managers, known as the CommBox Crew. The Crew helps CommBox to better understand the problems we are trying to solve as well as providing ongoing customer feedback and validation. This enables CommBox to build products we know customers will love.

The CommBox Crew are instrumental in ensuring CommBox remains the #1 touchscreen in Australia, New Zealand and worldwide.

NEW COMMBOS OS

POWERED BY ANDROID 11

DO MORE THAN EVER BEFORE WITH THE...

CommBox Whiteboard

Enjoy the new premium CommBox whiteboard. New advanced features include:

- * Dual pens with different colour tips
- * Split screen enables 4 students to use the board simultaneously
- * Ruler and protractor
- * Highlighter
- * Sticky notes
- * Tables
- * Mind maps
- * Curriculum aligned backgrounds
- * Import PDF files and highlight key points
- * Search and insert images
- * Save files to your OneDrive or Google Drive or share via QR code

And much more

ANNOTATE OVER EVERYTHING

Annotate App

- * Annotate over any content on the screen, operating system, tool or app with Annotate.
- * Use it to take screenshots of your content on the screen and then insert it into the whiteboard.

PERSONALISE YOUR SCREEN...

with CommBox Accounts

- * Log in with your Microsoft or Google Account
- * Access your personalised homescreen and sidebar.
- * Set the length of your session and be automatically logged out at the end of the session.
- * Securely log out at any time.

INSTANT ACCESS TO CLOUD DRIVES

Cloud Drive App

- * Seamlessly sign into OneDrive or Google Drive
- * Access your files from the Classic S4 without needing to enter your credentials again.
- * Save whiteboard sessions straight into OneDrive or GDrive.
- * Free up your laptop for other teaching tasks.

IMPROVE YOUR ON-SCREEN WORKFLOW...

with an Integrated Launcher & Sidebar

- * Change the apps on the homescreen to the ones you use.
- * Customise the sidebar with all your favourite apps, links or devices.
- * Add your own wallpaper background
- * Change the volume and put the stand up or down using the CommBox OS control bar.
- * Personalised settings are automatically saved to your CommBox Account so you can access it from any room with a CommBox Classic S4.

STOP SWITCHING BETWEEN INPUTS TO SEE LESSON CONTENT

Picture in Picture App

- * CommBox Picture in Picture allows you to overlay content from another input device like your slot-in PC or Vivi over content on the CommBox Classic like the Whiteboard.
- * This allows you to toggle between lots of content quickly and easily during lessons.

SCREEN RECORD LESSONS

Record App

- * Record content on the CommBox Classic S4 to share with students after the lesson.

MAKE TEACHING EASIER WITH COMMBOX TOOLS

CommBox is passionate about classroom innovation and making teaching easier. The Classic S4 comes with many built-in interactive tools, including the ones designed and developed by us, in collaboration with the CommBox Crew:

Planner

COMMBOX PLANNER

An overlay app to plan your daily or weekly classes and activities. You can create your own tasks or use a template library. Developed in collaboration with Narromine Public School.

Clock

COMMBOX CLOCK, TIMER & STOPWATCH

Place a clock over any content for quizzes and exams. Toggle between digital and analogue. Use the timer and stopwatch for games, activities, and lessons.

Posters

COMMBOX POSTERS

Access a growing library of teaching aids and posters, covering topics such as numeracy, literacy, science, nature, geography, languages and more.

Calculator

COMMBOX CALCULATOR

Simple calculator that you can use to model calculations.

Rewards

COMMBOX REWARDS

Reward and engage your class with a fun reward tracker. Set goals to inspire the class and track them with a range of fun stickers.

Spinner

COMMBOX SPINNER

A floating app that randomly selects a name, or input from a list. Colourful, fun and accompanied by sound effects.

Phonemes

COMMBOX PHONEMES

An easy teaching tool to model constructing words with phonemes. Designed to align to the new Australian Literacy Curriculum and built into collaboration with St Joseph's Primary in Mclean NSW. Invite student up to the screen and let them construct words using sounds.

Scoreboard

COMMBOX SCOREBOARD

Fun engaging scoreboard for recording house points, table points or scores from games.

Quotes

COMMBOX QUOTES

Get daily inspiration from the CommBox Quotes app. New tools releases every month.

Store

WIRELESSLY CONNECT with CommBox Connect

CommBox Connect allows you to screenshare content on your personal device natively using Miracast with touchback, Airplay and Chromecast.

For additional functionality, you can download the CommBox Connect app and ...

- * Share your screen securely with a pin code
- * Send files directly to the screen
- * Broadcast the screen back to your personal device or to student devices

While sharing your screen, enjoy the ultimate flexibility to...

- * Cast your laptop in full screen
- * Open a floating window allowing students to see shared content as well as content already on the screen.
- * Overlay CommBox Tools over any content being shared.
- * Connect up to 10 student devices and control which device is shown.

CommBox Connect will even pass your connected USB camera back to your laptop allowing BYOD Video Conferencing.

INSTANTLY ACCESS BUILT IN HELP with our in-house support team

- * Each screen comes with online and offline help content. You can learn how to connect to the Internet, use the whiteboard or CommBox Connect.
- * Access live chat to speak to the CommBox team or log a support ticket.
- * Instand help via Live Chat, and same day response before 3pm AEST.

THE ALL NEW
COMMBOX CONNECT
... it just works!

SIMPLE SIGNAGE AND MESSAGING with CommBox Manage

Turn the CommBox Classic S4 into a schoolwide communication tool. Our screens allow simple signage and messaging from the cloud with CommBox Manage.

You can use it to broadcast messages, alerts and important information to students, staff and visitors.

- * Daily news and activities
- * Emergency announcements and fire drills

For more advanced signage features download CommBox Signage.

Control and manage your CommBox Classic Screens from anywhere...

- * Manage app updates
- * Remotely control devices for support
- * Broadcast school alerts and notices in seconds
- * Analyse software and hardware usage
- * Schedule actions at predefined times
- * Lock, track and wipe lost devices
- * Bundled with the Interactive Classic S4
